PROFESSIONAL SUMMARY

Logistics Coordinator with over 4 years of experience in freight coordination, delivery management, inventory operations, and construction-site material planning. Experienced coordinating freight scheduling and carrier quoting, tracking shipments and monitoring carrier performance using CargoWise One, myDHLi (Delivery Management System), and Sales360 CRM, and supporting site coordination on residential construction projects using AutoCAD and Revit. Holds a Graduate Certificate in Supply Chain Management, a Bachelor's degree in Transportation and Logistics, and a College Diploma in Civil Engineering. Proficient in SAP S/4HANA, Power BI, advanced Excel, and Microsoft Word, PowerPoint, and Outlook, with self-taught Python skills. Bilingual in French and English, with strong cross-functional coordination and stakeholder communication skills in fast-paced environments.

WORK EXPERIENCE

Logistics Coordinator, *DHL Global Forwarding, Madagascar* **May 2024 – Dec 2025**

- Coordinated freight scheduling, transportation routing, and shipping/logistics documentation for 20+ freight shipments weekly across air, ocean, and motor transport, maintaining a 95% on-time delivery rate.
- Obtained and evaluated freight quotes from 10+ carriers, supporting rate coordination and cost comparisons for inbound and outbound freight.
- Accurately entered freight orders into CargoWise One, coordinating with Sales and Customer Service to ensure order details and documentation were correct.
- Tracked shipments and monitored delivery status using myDHLi (Delivery Management System) and Sales360 CRM, providing timely updates on status and delivery timelines to internal teams and stakeholders.
- Identified and resolved issues with shipments and administrative processes, collaborating with Operations, Warehouse, and Sales teams to improve efficiency.
- Prepared and maintained KPI dashboards in Power BI, along with operational reports and work records for stakeholders and leadership.

Assistant Site Manager, *Société de Constructions et de Bâtiments (SCB SA), Madagascar* **Feb 2023 – Dec 2023**

- Supported project management on Lotissement Masoandro, a residential development of 100+ projected high-end villas in Ivandry, Antananarivo, coordinating material planning, equipment availability, and scheduling with 5+ suppliers and transport vendors.
- Used AutoCAD and Revit to review and reference architectural and site drawings, supporting accurate material planning and coordination with the design team.
- Monitored and tracked movement of materials and supplies between suppliers and on-site teams, reducing shortages and delays before they affected timelines.
- Co-ordinated traffic flow of incoming materials and deliveries to keep site operations running without disruption.
- Prepared and maintained progress and inventory reports in Microsoft Excel to keep stakeholders informed.

Operations Assistant, *Société de Distribution de Matériaux de Construction, Madagascar* **Jul 2021 – Jul 2025**
(4+ years, part-time, concurrent with other roles)

- Organized and maintained inventory for 20+ building material SKUs across a 4+ year continuous role, coordinating with suppliers and transport providers to support 100+ deliveries monthly.
- Monitored movement of materials and supplies between departments, conducting regular counts and reconciliation to keep records accurate.
- Built and maintained inventory tracking tools in Excel and Google Sheets, and requisitioned and tracked incoming materials and supplies.
- Performed routine clerical duties and digital reporting, maintaining consistent communication with stakeholders across locations.

Site Storekeeper (Internships), *SCB SA / CIMELTA, Madagascar* **Apr 2022 – Jul 2022**

- Supported inventory tracking, warehouse organization, and material movement on a Gas Oil (G.O.) Storage Tank (1,400 m³ capacity) construction project in an ATEX (explosive-risk) zone, coordinating with cross-functional site teams under strict safety protocols.

EDUCATION

Graduate Certificate, Supply Chain Management – Global
Durham College, Ontario, Canada | Jan 2026 – Aug 2026 | Grade: 4.78/5

Relevant coursework: Principles of Supply Chain Management, Supply Chain Optimization, Global Logistics and Transport Management, Integrated Business Process Management (SAP S/4HANA), Global Materials Management and Enterprise Resource Planning, Business Analytics and Decision Making for SCM (Power BI, Power Query, DAX), and Advanced Tools and Technology in SCM (Advanced Excel).

Bachelor's Degree, Transportation and Logistics
Institut Supérieur de Technologie d'Antananarivo, Madagascar | Jan 2024 – Jul 2025

Relevant coursework: Air Transport, Maritime Transport, Local and International Regulations, Logistics Strategy & Quality of Service, Transport Economics, Warehousing Logistics, Supply Chain Management, and Project Management. Program concluded with a Supervised Project and an End-of-Study Dissertation.

College Diploma, Civil Engineering
Institut Supérieur de Technologie d'Antananarivo, Madagascar | Mar 2021 – Oct 2023

Relevant coursework: Site Organization, Quantity Surveying and Price Study, Project Management and Public Procurement, Construction Materials, Building Technology, and Occupational Health and Safety. Program included hands-on worker experience, a study trip, and concluded with a thesis defense.

CORE SKILLS

- **Freight & Logistics Coordination:** Freight Quoting & Carrier Coordination · Order Entry · Shipment Tracking · Route & Schedule Coordination · Delivery Management Systems (myDHLi) · Transportation Scheduling · Supplier & Vendor Coordination · Escalation Resolution
- **Inventory & Warehouse Management:** Inventory Replenishment · Warehouse Organization · Stock Reconciliation · Materials & Equipment Requisitioning · Standard Operating Procedures (SOPs) · Work Order Processing
- **Data & Systems:** CargoWise One · SAP S/4HANA (ERPsim) · CRM Systems (Sales360) · Advanced Excel (Pivot Tables, VLOOKUP, INDEX-MATCH, Pareto Charts, Conditional Formatting) · Microsoft Word · Microsoft PowerPoint · Microsoft Outlook · Power BI · KPI Dashboard Development · Data Reconciliation · AutoCAD · Revit · Python (self-taught)
- **Cross-Functional Coordination & Process Improvement:** Stakeholder Communication · Cross-Functional Collaboration · Continuous Improvement Initiatives · Multitasking & Time Management · Occupational Health & Safety (OHS) Awareness · Bilingual Communication (French & English)

PROJECTS

COIL International Project | Durham College, 2026
- Collaborated with international students on a global supply chain sustainability initiative.

ERPsim (SAP S/4HANA) | Durham College, 2026
- Managed purchasing, inventory, and sales within SAP S/4HANA, gaining hands-on experience with the same ERP platform category used for inventory replenishment and reporting.

Fresh Connection (VP Purchasing) | Durham College, 2026
- Managed sourcing and purchasing decisions in a competitive supply chain simulation to improve ROI.

CERTIFICATIONS

Microsoft Office Specialist: Excel Associate (Microsoft 365 Apps) | April 2026 – April 2031
Lean Six Sigma Yellow Belt | March 2026
